## Student Short Answer

Please thoughtfully respond to each question below on a **typed sheet of paper, or as a separate attachment when you submit your application online.**

1. This winter our group will be designing and creating a board game based on Nantucket History. Skills we will focus on to accomplish this are research, writing, design marketing and finance. This project will give you exposure to areas you may not have considered for your future education. Why do you want to be in the NHA High School Internship?
2. Think about what you want to do after high school. What job or career would you like to have in the future? How do you think this internship program can help you accomplish your goals?

3. Oh no, you woke up late and you were supposed to be at work 20 minutes ago! What do you do?
  
4. Describe a time when you had a disagreement with a classmate or friend. How did you resolve it?
  
5. Our team will often be working with the public. Please share what community service and visitor service mean to you.
