Dreamhouse

Print pages 3 and 4 of this activity
sheet to create your own dreamhouse .

Greater Light

In the summer of 1929, two Philadelphia sisters, Gertrude and Hanna Monaghan, stumbled on a barn here on Nantucket. On what is now Howard Street, this barn would become their passion project. Every room and piece of furniture was designed by them. Today, this property is called Greater Light.

In honor of the Monaghan sisters - *let's create our own dreamhouse*. On the next page, design a floorplan for your new house. On the last page, cut out the sample house and glue its features to the right location.

Have fun!
