SUMMER 2020
Granddaughter of 1960’s Hollywood rock star inherits historic residence in Nantucket, MA. Architectural elements feature Nantucket’s renowned beauty and charm, while the interiors nod to the cultural vibrancy and artistry of her grandparents’ era.

The inspiration for this design is expressed through pops of color, artwork and textures creating a fun but fresh interior. The artistic and vibrant personality of the grandparents’ era shines through and seamlessly intertwines with the summery Nantucket landscape.
